Meet the Artist

AUDRY BARTON

Creativity takes many forms, far beyond a brush and a palette of paint.

For Audry Barton, it shines through in countless ways: in the fun crafts and activities she dreamed up as a wife and mother of six, in the comforting meals and treats from her kitchen, and in the gardens where she grew fresh vegetables and flowers. It even shows up in her knack for making a dollar stretch a mile—an art form in itself.

Over recent years, Audry has expressed her talents through the creation of art just for the joy of creating.

Her life at Addiction Services began 15 years ago and has seen her serve in several capacities. Moving from Reception to helping with the start up of the Opioid Program, then to Executive Assistant and Team Lead. Currently, as Executive Assistant to the Executive Director and Board Liaison, she also contributes to staff and client wellness, by sharing her love for art and creativity.
